

We hope you are staying safe and healthy during these unique times.

The executive has made the hard decision to cancel both the February and March Adult Zone Shoots.

We know that this is certainly disappointing news to many. We are also disappointed but need to keep the safety of everyone our top priority.

You are likely wondering what the status is of the Adult Provincial Championship. At this time, it is still on.

The NDFC is meeting in March and we hope to hear more about Nationals at that time.

This decision, coupled with government regulations, will hopefully provide us with the information we need to discuss our Adult Provincial Championships further.

In regards to when you need to pay your membership, this is still on hold right now. As more decisions are made, we will be able to update everyone on this as well.

Thank you all for your support and patience.  
We are looking forward to seeing you all again!

Your Darts Ontario Executive
